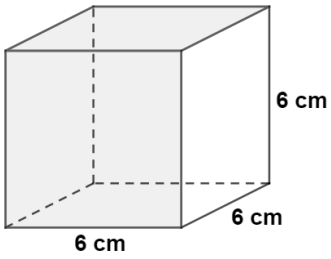
Calculer des volumes

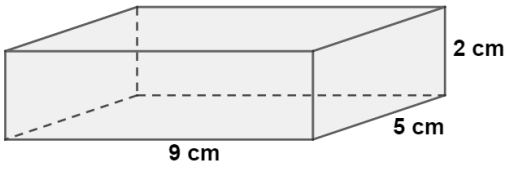
Niveau 1

Tu peux faire les exercices un par un par et te corriger dès que tu as finis un exercice. Ainsi tu pourras progresser d'exercice en exercice et mieux apprendre.

Exercice 1 :

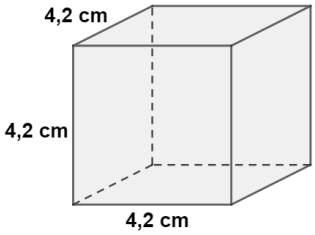
Calcule le volume de chaque solide. (Un cube et un pavé droit)

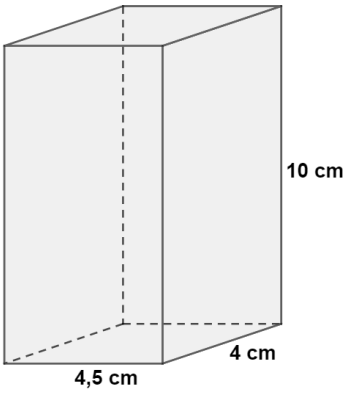


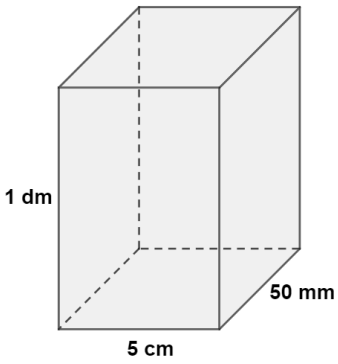


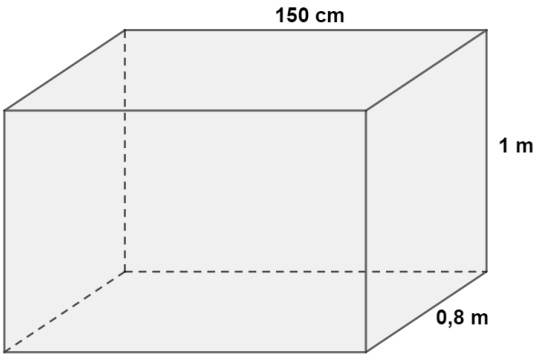
Exercice 2 :

Calcule le volume de chaque solide. (Un cube et un pavé droit)





Exercice 3 :




Calcule le volume de chaque solide. (Deux pavés droits)
